

**Invitation for Proposals**  
**Repairs to Pumper E 3 Truck Frame Rails**  
**Moultonborough, NH**  
**August 2, 2012**

**Addendum #1 Issued July 24, 2012**

**There is NO change in the proposal due date!**  
**Please review this carefully and acknowledge it on your**  
**submission form!**

**1.) What are the identifying specifics on the vehicle?**

It is a 1993 KME built on a Freightliner FL-80 Cab & Chassis. The Vehicle Identification Number is 1FV6JLCB4PL461107.

**2.) Is it requisite to go to the pre-bid conference on Tuesday?**

Attendance at the pre-bid is not mandatory but is advisable. If you feel you are sufficiently comfortable with all of the connections that are made to the frame - and the potential costs to you of dealing with the same then by all means you may pass. However, failure to attend and take these connections fully into account will **not** be the basis for change order requests.
